

Confirmation of recognition for project mobility students at ETH Zurich

Every research project or thesis carried out at ETH as a student mobility must form an integral part of the student's studies **and** be recognised towards the degree at the home university (requirement of ETH and the Swiss migration authorities). The degree programme regulations of the home university apply, and not those of ETH. The home university is responsible for final recognition and grading; the ETH supervisor can submit a (non-binding) assessment. False information may have legal effects.

To be filled in by the home university (sending institution)

Home university (sending institution): _____

Name of the student: _____

Field of study (at home university): _____

Type of degree sought (at home university): _____

Expected date of graduation (estimation): _____

Type of project (e.g Bachelor's / Master's thesis): _____

Name of supervisor at home university (if applicable): _____

Hosting professor at ETH: _____

We support the above-mentioned student's application as a mobility student **from** _____

to _____ (dd/mm/yyyy) at ETH, and we confirm the following points:

- The project referred to above will be fully recognised towards the student's degree at our university.
- The student is expected to remain enrolled at our university as a full-time, degree-seeking student during the entire duration of their stay at ETH.
- The regulations governing the project and its recognition at our university have been communicated to the student and to the hosting professorship at ETH. These regulations include but are not necessarily limited to duration and relevant deadlines, scope / workload, documentation, final assessment. Any forms required by us (e.g. Learning Agreement, Certificate of Attendance) will be sent to the student and ETH supervisor well ahead of time.
- The [IP regulations of ETH](#) as well as those of the home university shall apply, as far as applicable. A different agreement with the hosting professorship at ETH remains reserved.
- We will notify ETH by email to projectstudent@ethz.ch should there be any change recognition and / or enrolment.

Signed on behalf of the home university (sending institution)
